

### **Student Interns**

The Youth Bureau is a placement site for Second Year Level Master's Degree Social Work and Mental Health Counseling student interns from local colleges and universities. New York State Clinical Psychiatric Social Workers offer student supervision and training. These placements serve a dual purpose by providing clients with services such as counseling for youth and families, while simultaneously allowing students to gain invaluable hands-on experience in their fields of study.

For further information regarding internship opportunities with the Brookhaven Youth Bureau, call Lizabeth Derkevics, LCSW-R, at (631) 451-3031 or email her at [lderkevics@brookhaven.org](mailto:lderkevics@brookhaven.org).
